## Our Top Buyers Program

Among the visitors of Cibus Tec Forum 2022, thanks to our excellent Top Buyers Program, hundreds of international professionals in the food and beverage sector participated in the event with satisfaction and enthusiasm, appreciating the innovative format of just two days, perfect for discovering the latest innovations and exchanging ideas and opinions on the main industry trends.

This significant presence highlights how the work done in recent years with Cibus Tec through our Top Buyers Program has made us a highly relevant point of reference internationally for leading companies in the food sector, which recognize Parma as the hub of FoodTec technological innovation and now see Cibus Tec Forum as the right event to engage and stay updated on how the food industry is preparing to address new needs and future challenges.

# CIBUSTEC FORUM

25|26 OCT. 2022 | PARMA | ITALY

## Events program

# Events program's philosophy

Structured in a plenary hall and five Vertical Showcase rooms, the extensive and rich program of conferences and workshops represents the major strength of Cibus Tec Forum. During the 14 sessions, including conferences and seminars, the most influential topics of the moment and the main trends that will shape the future of the food industry were addressed, with contributions from over 60 prominent figures from the food sector, important institutions and the academic world.

Among the main topics covered:

- **Sustainability and circular economy**
- **Ecological transition**
- **Food safety**
- **Digitalization**
- **Healthy trends and new ingredients**

# STARTUP AREA

CRÉDIT AGRICOLE

## Special areas

# Cibus Tec Industry - Forum Edition

## HAMBURGER LINE

Cibus Tec Forum 2022, for its first edition, introduced the Cibus Tec Industry - Forum Edition project in collaboration with Risco, a company specialized in the production of machines and systems for meat processing, presenting a forming line for the industrial production of animal-origin, vegetarian and vegan burgers.

# Area Startup

In the startup area of Cibus Tec Forum, 11 innovative young Italian and European companies presented their creative and technologically advanced solutions, ready to meet the needs and challenges of the food industry.

It was a dynamic space where startups had the opportunity to share ideas and engage with investors, commercial partners, and other industry players, creating networking and collaboration opportunities.

Among the most important themes:

- **Sustainability**
- **Digitalization**
- Fight against **food waste** and optimization of **energy consumption**
- **Artificial intelligence**
